Jump to Downloading Custom Scenery - Do NOT download in to or any subfolder! This can lead to trouble.. Lord Gonchar. Download the file. Double click on the zip file you down loaded (XP automatically unzips files) Depending on the file type (Coaster, Scenario, Park) put the unzipped file into the correct folder under My Documents/RCT3. Parks (.dat file) go into - My Documents/RCT3/Parks. It should work from there.. That is basically how you download CS in RCT3. Now, onto the list of custom stuff! ATH Catwalk Set. This CS set contains catwalks for uses in i cant vindt where in most witch map i put structures downloads after downloading ... C:/ProgramFiles(x86)/Atari/Roller Coaster Tycoon 3 is the RCT3 main ... Is there a different tutorial that explains how to do this on a mac?
